

FIELD TOUR REPORT

DEPARTMENT OF EDUCATION

3RD SEM HONOURS(EDC&COR07P)

DATE- 22/11/2023

TIME- 10.30 AM

An Educational excursion tour was organized by the Department of Education on 22nd November 2023 by our College and the destination was 'JORASANKO THAKURBARI'. A teacher of our department had successfully completed the tour as a guide with his four students.

The main objective of the tour was to learn through by direct experience. As we all know that the birth place of Rabindranath Tagore was Jorasanko Thakurbari. The importance and relevance of Rabindranath as a great Philosopher and Educator in the curriculum of education is immense. Basically as an idealist, it is very important to know and understand Rabindranath's Educational thought. Jorasanko Thakurbari has a great historical contest and that's why it is included in our syllabus due to its historical importance. Points of interest in Jorasanko Thakurbari are Rabindranath's birth place, his own room and painting room as well as the things which was used by Rabindranath Tagore. There was an another interesting thing was Mrinalini Devi's kitchen.

The experience that the students had learn throughout this educational trip will live in their mind for the rest of their life.
