ISO 9001:2015, ISO 14001:2015 and ISO 50001:2018 Certified Institution

The Ministry of Human Resource Development in 2019, released the National Innovation and Startup Policy 2019 for students and faculty of Higher Education Institutions (HEIs). The Policy is in line with the focus of the Central Government on entrepreneurial projects. The framework was created to enable the institutes to actively engage students, faculties and staff in innovation and entrepreneurship related activities. The Guidelines on National Innovation & Startup policy 2019 were published to provide required direction and support in handling Innovation Startup and Intellectual Property rights related issues.

The framework designed to facilitate the Ministry of Human Resource Development in bringing uniformity across HEIs in terms of Intellectual Property ownership management, technology licensing and institutional Startup policy, thus enabling creation of a robust innovation and Start up ecosystem across all HEIs.

Innovation and Entrepreneurship must emerge as one of the focal points of today's education system with focus on creation of economic hubs so that the nation aspires to become a five trillion-dollar economy in the near future. To achieve this milestone, systems and mechanisms must evolve to convert the present demographic dividends into high quality technical human resources, which could eventually create wealth generation hubs through Startups and entrepreneurship.

Chapter- 3

Objective

The objective of the Institute's Innovation Council (IIC) in a college is to foster a culture of innovation and entrepreneurship among students and faculty. It aims to systematically encourage creative thinking and support the development of innovative ideas into viable products or startups.

Key Objectives:

- **Promote Innovation** – Encourage students to think creatively and develop innovative solutions to real-world problems.
- **Support Startups** – Guide students and faculty in turning their ideas into viable startups or projects.
- **Create an Entrepreneurial Ecosystem** – Build a supportive environment within the college for innovation, startups, and entrepreneurial activities.
- **Bridge Academia and Industry** – Facilitate interaction with industry experts, entrepreneurs, and innovators to provide real-world exposure.
- **Conduct Activities** – Organize workshops, hackathons, talks, and competitions to nurture the innovation mindset.
